

BUYING GUIDE

HAVSTA

Storage series

CARE

Wood: Wipe clean with a cloth dampened in a mild cleaner. Wipe dry with a clean cloth.

Glass: Wipe clean with a cloth dampened in water or window-cleaner. Wipe dry with a clean cloth.

GOOD TO KNOW

Tempered glass should be handled with care. All glass is fragile and a damaged edge or scratched surface can in exceptional cases cause the glass to suddenly crack and/or break.

You can convert any stackable unit into a standalone by adding the plinth in the compatible size (sold separately) or mount a stackable unit on a 47cm deep cabinet to create a vertical combination.

Two people are needed for assembly of this furniture.

SAFETY

To prevent this furniture from tipping over, it must be permanently fixed to the wall using the wall attachment fittings included in the packaging. As wall materials vary, screws for wall fixation are not included. For advice on suitable screw systems for your wall, contact your local specialised dealer. Wall fixing must be carried out by a qualified person, since wrong fixation may cause injury or damage.

To prevent a vertical combination from tipping over, stackable units which are 35 cm deep must always be mounted on 47 cm deep cabinets.

For safety reasons, HAVSTA units are not to be hung on a wall.

Numerous possibilities and combinations

Truly versatile HAVSTA series in solid wood gives you a number of possibilities and combinations in different sizes – and with different features and looks depending on your living space, needs and taste.

All the features you need

Display the items you are proud of behind the glass doors or in shelving units and hide other things in the closed cabinets. Combine with a TV bench that keeps cables hidden, and why not to complete the look with one or more matching coffee tables?

Flexibility

Choose standalones or go for one of the many combinations. Add units over time or rearrange the entire combination to adapt to your changing needs – regardless if it's your family or souvenir collection that grows.

All the products (shown here) may not be available at the store. Please contact the staff or look at www.IKEA.com for more information. For more detailed product information, see the pricetag and the Internet. All units require assembly.

HOW TO BUILD A VERTICAL COMBINATION

Haven't found what you were looking for?

You can also design your own HAVSTA combination or customise an existing one by simply adding or removing units. To create your own vertical combination, please refer to this guideline.

81 cm wide combination

Step 1. Select 47 cm deep cabinet.

Step 2. Combine it with one of 3 different 35 cm deep stackable units.

121 cm wide combination

Step 1. Select 47 cm deep cabinet with sliding doors.

Step 2. Combine it with 35 cm deep stackable unit with sliding doors.

Would you like now to convert any stackable unit into a standalone? You can do it by adding the plinth in the compatible size (sold separately).
